

RM of Lipton # 217 – Rural Garbage Collection Program

The RM of Lipton #217 has entered into an agreement with Loraas Disposal for an optional rural waste collection program. By doing so we have been able to secure the lowest rate possible to provide our ratepayers with cost effective options for personalized garbage disposal service. This program will allow the ratepayers to select the bin of their choice that will best fit their needs and budget.

In these programs containers would be delivered to the ratepayers location and serviced on site to the selected service level. Enclosed containers in conjunction with a proper service schedule ensure that waste does not smell for extended periods of time which helps reduce unwanted pests & wildlife, litter and the need for burning.

If a ratepayer does not generate enough waste to utilize a bin on their own they may share the service with another person thus reducing the overall cost. * Please note that only one person will be required to sign up and will be invoiced by the RM. Any split costs are to be handled at the individual's discretion.

As this is an optional program, ratepayers that wish to participate will be required to sign up with the RM of Lipton #217. To sign up for the garbage service simply fill out the registration form and return it to the RM office via email, fax, mail or in person. If you already have an existing Loraas bin on your site please register with the RM and the account will be switched over for you to take advantage of the rates. Loraas will invoice the RM of Lipton and we in turn will invoice the ratepayer at the exact charges.

Rural Collection of Waste

This program is designed to provide individuals with a convenient waste option. Containers are individually placed and serviced on the ratepayers property to ensure that only they are responsible for their waste management and costs, thus eliminating unwanted tipping fees from outsider waste.

- No storing of waste until enough to warrant driving to transfer stations
- No loading and unloading in vehicles/trailers
- No hauling
- Reduces unwanted pests and wildlife
- No burning
- No additional landfill fees

Commercial Waste Containers – Serviced every 4 weeks

	<u>3 yard</u>	<u>4 yard</u>
<u>Every 4 Week</u>	\$45.00	\$50.00

*All pricing includes container rental, servicing and landfill fees – GST and Fuel Surcharge extra

Delivery and Delivery Fees - All applicants that sign up originally by May 31st, 2019 will be delivered on a bulk load will receive the discounted delivery rate of \$35.00 per container. All additional sign ups after that date will be delivered on an individual basis and charged the standard rate of \$100.00 per container. Please sign up early to take advantage of the lower delivery rate. GST and Fuel Surcharge extra
